

OUR MISSION

The mission of the Corfu Free Library is to provide an opportunity for learning and personal growth. All citizens and age groups are encouraged to use and enjoy the services and resources of the Corfu Free Library to enrich their lives and the quality of life of the community it serves. The Library Trustees recognize their responsibilities to collect educational and literary materials to contribute to the improvement and extension of quality library service to all area residents.

Library cards are free to residents of Genesee, Niagara and Orleans County (card can be used at all member libraries). Library cards will also be issued to non-residents that are employed or attend school in Genesee County. The replacement fee for a lost card is \$1. Borrowing privileges will be denied after a person has accrued \$5 or more in unpaid fines. Once blocked, patrons will be unable to renew online.

The Corfu Free Library belongs to the Nioga Library System, a non-profit cooperative library system serving the libraries in three counties that consists of twenty-one public libraries. The library system takes its name from the counties that it serves – Niagara, Orleans and Genesee. It receives most of its financial support through the NYS Department of Education. The Nioga Library System, which was chartered in 1959, helps to provide improved informational services to all residents of its three county area.
